Plea of Edward E. Myers of York, Pa., for Mercy Disregarded by Court.

Edward E. Myers of York, Pa., re cently convicted in Criminal Court No. 2 on two charges of violating the white slave traffic act, was sentenced today by Justice Barnard to serve ten years in the penitentiary.

Myers pleaded for mercy, saying that he had never before been convicted of any offense. The court point ed out that the community should be considered as well as the defendant in exercising mercy, and that the interests of society required that violators of this particular law should be severely punished.

McCreary for Clark,

Gov. McCreary of Kentucky has comout for Champ Clark for President. "My long service with Clark in Congress," he said, "my confidence in his statesmanship, ability, democracy and knowledge of national questions, and the fact that he was born and reared in Kentucky and that his wife is my cousin, all contribute to my desire that he be nominated, and I believe that, with or without instructions, he would get the delegate vote of Kentucky."

Florida's Democratic Vote.

by Colored Porter a Year Ago, Dies.

Andreas Viessmann, saloonkeeper at 301 H street northwest, died at his home this morning. Death, the police say they believe, was due to wounds received May 13 of last year, when Viessmann was attacked and cut by a colored porter named John Brown, alias John Roy.

Coroner Nevitt will hold an inquest at the morgue Monday morning. An autopsy will be performed in the meantime to definitely determine the cause

Brown had been in Viessmann's employ only a few days before the cutting. Late the night of May 13 the saloonkeeper had trouble with the porter, and the latter, it is alleged, cut him a number of times in the left side. Viessmann was in a critical condition at the Emergency Hospital several weeks. He finally was able to return home, although he never fully recovered from the effects of the cutting. During the past two months he has been under treatment. The porter escaped after the cutting

affray, and the police were unable to capture him. Viessmann was thirtysix years old. He was a native of Germany and had resided in Baltimore before he came to this city six years ago. The funeral will take place Monday afternoon and burial will be at Prospect Hill.

If You Are A Rent Payer

How Would You Like to Pay An Amount Equivalent to Rent of

Only \$10.67 Per Month

On a Home That Would Rent for at Least \$25

Buy Such a Home With a Part of Your Present Rent Money

VOU can do just that—and our large announcement in tomorrow's STAR and TIMES will tell you exactly how. You are familiar with our wonderful development of Fourteenth street (northwest) in the last few years. And more recently the remarkable development of "High View" (Rhode Island ave., one square east of North Capitol st.), where home-seekers have bought far faster than the builders could construct the houses, and where buyers are still way in advance of the builders, many of the homes being purchased before the first spadeful of earth was removed for the cellars.

We shall announce on Saturday for the first time the opening of a new operation right in the heart of the fashionable northwest residential section (accessible to three convenient car lines) that will establish a new record for low price and easy terms—and when we say easy terms we mean terms that are a considerably less tax on your income than the present rent you are now paying each month.

Remember, these homes will be fully described in tomorrow evening's STAR and TIMES, together with the SHANNON & LUCHS plan of disposing of them to home-seekers who are tired of receiving only a receipt for their rent money each month. Look your present rent problem in the face RIGHT NOW. Then watch for tomorrow's announcement

and see if we haven't struck on just the right solution of the problem. Think Hard Over This Proposition Between Now and Tomorrow.

Bear In Mind-

Only a few of these houses are completed and ready for immediate occupancy. When you see them you will want to move right into the one you buy. So make your inspection at the earliest possible moment if you would avoid the delay that late comers are sure to experience.
